

Braintree Town Council

ORDER NO: 14 057

DATE FILED: AUGUST 21, 2014

REQUEST OF: NATIONAL GRID

National Grid hereby respectfully requests your consent to the locations of mains as hereinafter described for the transmission and distribution of gas in and under the following public streets, lanes, highways, and places of the Town of Braintree and of the pipes, valves, governors, manholes and other structures, fixtures and appurtenances designed or intended to protect or operate said mains and accomplish the objects of said Company; and the digging up and opening the ground to lay or place same:

To install and maintain approximately 240 feet, more or less of 4 inch gas main in Bower Road, Braintree. From the existing 3 inch main in Commercial Street southerly to the intersection of Rogers Circle, in order to provide new gas service to houses #102 and #115 Bower Road and #4 Rogers Circle with the following conditions:

BELD: Engineering has reviewed petition #14 057 and has no underground utility conflicts within the proposed scope of work.

DPW: These sections of Commercial Street and Bower Road are not under moratorium and no Town construction is pending this year. Bower Road is scheduled to be resurfaced next year. We'd recommend that the petition be granted under the normal conditions, with emphasis on the requirements that the gas main be laid outside of the trench of the water mains in service and that the trench pavement not be left low for any length of time.

Neither National Grid nor any of its contractors is authorized to close any street or to close a direction of travel to facilitate their work without authorization from the Director of the Department of Public Works or the Highway Superintendent. The Chief of Police can also authorize a closure for a police or fire emergency. Construction zone traffic safety issues are to be addressed by using appropriate traffic control signs and devices and the use of police officers for traffic control to safely guide traffic through the work zone. If a closure is authorized by the DPW, it shall not be implemented until signs and police officers (where needed) are properly in place in conformity with the written plan prepared by the contractor's engineer and approved by the DPW and Police Department.

ORDER FOR GAS MAIN LOCATION

Town of Braintree / Town Council:

IT IS HEREBY ORDERED that the locations of the mains of the Nationalgrid for the transmission and distribution of gas in and under the public streets, lanes, highways, and places of the **Town of Braintree** substantially as described in the petition dated **August 18, 2014** attached hereto and hereby made a part hereof, and of the pipes, valves, governors, manholes and other structures, fixtures and appurtenances designed or intended to protect or operate said mains and/or accomplish the objects of said Company, and the digging up and opening the ground to lay or place same, are hereby consented to and approved.

The said Nationalgrid shall comply with all applicable provisions of law and ordinances of the **Town of Braintree** applicable to the enjoyment of said locations and rights.

Dated this 17th day of September, 20 14.

I hereby certify that the foregoing order was duly adopted by the Town Council of the City of Braintree, MA on the 16th day of September 2014.
