TOWN OF BRAINTREE

IN COUNCIL

ORDER NO: **10-024** DATE: MARCH 5, 2010

ORDERED: NATIONAL GRID

PETITION OF NATIONAL GRID FOR GAS MAIN LOCATIONS

The National Grid hereby respectfully request your consent to the locations of mains as hereinafter described for the transmission and distribution of gas in and under the following public streets, lanes, highways, and places of the Town of Braintree and the pipes, valves, governors, manholes and other structures, fixtures and appurtenances designed or intended to protect or operate said mains and accomplish the objects of said Company; and the digging up and opening the ground to lay or place same:

To install and maintain approximately 1,000 feet, more or less of 2 inch gas main in Hollingsworth Avenue, Braintree. From the existing 2 inch gas main at West Street Southerly to the existing 2 inch gas main in Hollingsworth Avenue at Weston Avenue. All of which to replace and abandon the existing 2 inch gas main in Hollingsworth Avenue, Braintree.

Petition #10 024 was unanimously approved by Council with the following conditions:

DPW: **Hollingsworth Avenue** was microsurfaced in 2008 but is not under the moratorium. **West Street was totally reconstructed in 2009 and so is under the moratorium.** Connection of the main into the West Street main would be a long-side trench, which would be unacceptable. Trenchless installation may have been possible but that seems unlikely given that National Grid also plans to install 4 anodes below the new main for corrosion control. It is our recommendation that this petition **should be denied unless the work in West Street is deleted from the plan.**

Council: **All Work in West Street is deleted from the plan.**

Passed in Council – April 27, 2010
